On behalf of the Board of Trustees, we are delighted to present the 2017–2018 Gateways: Access to Jewish Education Annual Report. We cannot thank you enough for your generous support of Gateways this past year. We are so fortunate to be in the Boston metropolitan region, where our mission truly resonates!

Because of you, Gateways is leading the country in our commitment to including children with disabilities in our Jewish community. And with your partnership, this past year we raised over $1.4 million, funding services and programs for hundreds of Jewish students with learning challenges in Greater Boston. Thank you for including Gateways in your giving!

You are helping students build a connection with their Jewish heritage, actively participate in synagogue life and achieve milestones such as becoming b’nei mitzvah. With your partnership, we are aiding schools in Boston and beyond in welcoming all learners into their classrooms. And by supporting Gateways, you are inspiring all Jewish children and teens to embrace and accept differences.

We are proud of the work we have done this past year. We danced to the Maccabeats and celebrated Gateways’ Teen Volunteer Program. Through our newly launched Parenting with Purpose education series, we convened dozens of women from across the community to discuss issues in contemporary parenting. We hosted a second annual Community Shabbat Dinner for nearly 100 Gateways families and community members and began offering workshops and symposia on mental and social-emotional health issues. We expanded our consultation and coaching services for Jewish educators and partnered with preschool and day, congregational and community schools across the nation to meet their inclusion goals. And we are continuing to build on these accomplishments and seek out new ways to better serve children and teens of all abilities.

Thank you for supporting Gateways and for standing with us to ensure there is a place for every student to meaningfully learn and participate in Jewish education.

Best regards,

Michelle S. Alkon
