

## Make Your Own Ten Plagues File Folder Activity

|                                                                                     |                                                                                                                                |
|-------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------|
|    | <b>Print</b> pages 2-3, the pages with the pictures, onto paper. Print pages 4-5, the pages with the outlines, onto cardstock. |
|    | <b>Color</b> in the pictures if you would prefer color to black and white                                                      |
|    | <b>Laminate</b> the cardstock plague pictures.                                                                                 |
|    | <b>Cut</b> out the paper outlines.                                                                                             |
|    | <b>Glue</b> the paper outlines onto a file folder in the correct order.                                                        |
|  | <b>Laminate</b> the entire file folder.                                                                                        |
|  | <b>Cut</b> out the cardstock plague pictures.                                                                                  |
|  | Apply <b>velcro</b> to the file folder and the backs of the cardstock plague pictures.                                         |
|  | <b>Tape</b> a sandwich bag on the outside of the file folder to store the pieces.                                              |
